

INFORMATION LEAFLET

GROWTH HOUSING

GrowTH Housing started in 2015, and since then has aimed to provide an accessible, affordable, and supportive environment for our residents to transition from homelessness, into a fulfilling and more independent situation.

This continues to be the goal of the GrowTH Housing and we have recently been able to more than double the capacity, providing homes to a further 16 homeless residents.

Residents who are referred in should be low needs and low risk - although should have some identifiable needs that they can receive support with during their time here.

We also provide social events aimed at creating community and reducing isolation.

We are a committed Christian charity and provide opportunities for residents to explore the Christian faith if they wish.
